FFKM O-ring Solutions- Perfluoroelastomer

We're All Around You!

O-Rings are one of the most common seals used in mechanical design today.

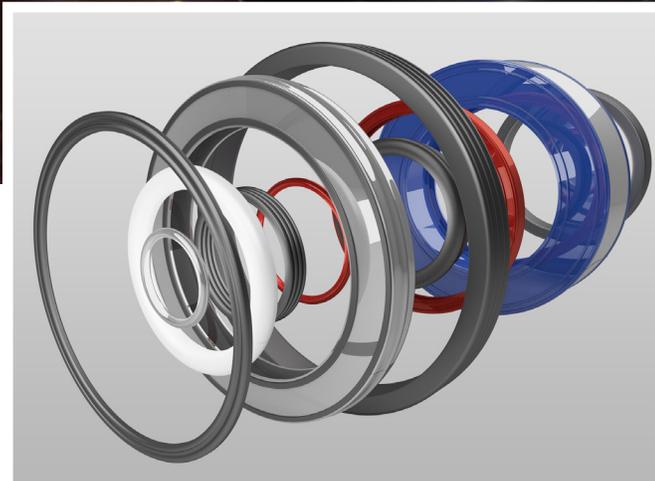

SMI offers Hi-Performance O-ring compounds for a wide range of applications and industries. Automotive, Chemical, Oil & Gas, Healthcare, Petroleum, Food & Beverage and Hydrocarbons industries all use Hi-Performance seals. SMI offers them in standard and custom sizes for your application.

Our FFKM O-rings provide excellent resistance to petroleum products, chemicals and temperatures high and low. They are also resistant to compression set, tear and abrasion, our SMI 204 is FDR compliant with certification 21 section 177.2600.

ISO/IATF 16949 REGISTERED COMPANY

Features

- > High heat resistance
- > Excellent steam resistance
- > Universal chemical resistance
- > Cost effective
- > Low compression set
- > Superior dynamic properties
- > Long shelf life
- > FDA compliant

Recommended Applications

- > Oil & Gas
- > Chemical processing
- > Automotive
- > Aerospace
- > Paint spraying
- > Food & Beverage
- > Bio-Pharma
- > Hydrocarbon handling
